If you become sick or think you may have COVID-19, call your doctor, public health department, or community health center to talk to a medical professional by phone. They can provide you with additional medical information and assist you in making plans for what to do next. If you are unable to work because you become sick or think you may have COVID-19, contact your supervisor for additional information.

All lab-confirmed positive COVID-19 test results in Wake County are reported by the test administrator to the Wake County Public Health Division. Lab-confirmed positive COVID-19 individuals should receive a digital notification from NCDHHS or local health officials with guidance on isolation and reporting contacts. If you are identified as a person who may have been in close contact with a person who tested positive for COVID-19, you should receive additional guidance from contact tracing staff. Additional information about contact tracing is available from [Contact Tracing | NC COVID-19 \(ncdhhs.gov\)](#). If you have questions about contact tracing and would like to talk to someone immediately, please call your [local health department](#) or NC Outreach at 1-844-628-7223.

Specific questions about COVID-19 and your risk may be sent to covid19.questions@wakegov.com or 1-888-675-4567.

Your health and safety are our priority as we support each other in our continuing efforts to provide critical court services and the prompt administration of impartial justice. We thank you for your cooperation and appreciate your understanding as we all navigate this situation.
